## What are some of your hobbies, and things you like to do?

I LOVE meditating! I have been sober for 3.5 years and it really centers me and helps me stay balanced. I also am obsessed with cooking and baking. I would say I am a pretty dang good baker. Finally, if you ever ask me to go to the beach – the answer is “Yes”.

## What is one thing about your childhood you would never change?

I would never change growing up in the military. It made me a very confident and adaptable person. I am able to meet new people and feel comfortable in my own skin. I experienced the world and other cultures at such a young age. It made me an open minded person at a very young age.

## So, what were your high school years like overall?

Oh goodness! I was such an awkward person in high school. I went to 3 different high schools so I had a lot of adjusting to do. I wasn't a “nerd” but was by NO means popular. Ugly duckling for sure!

## Aside from adult/sex work, what else do you want to pursue in life, for fun or as a career?

I would like to get my degree in Human Services so I can work at the Crisis Center and help others. I am a survivor of domestic violence so giving back to others is important to me. I had a super support system and not everyone has that. I want to be that for someone.

## As you share your content, what's the most common feedback you get from your audience?

“It is so authentic and real” I like hearing that because well, it is. It is me. I am 100% me in everything I do. It's scary being that vulnerable with strangers online but it's rewarding when I know they like me for me.

**“I AM 100% ME

REWARDING  
WHEN I KNOW  
THEY LIKE ME

**G**

**reat to have you here and thank you for taking the time to speak with us. So tell me, what first attracted you to CamGirl Vixen Magazine?**

I look up magazines ALL the time online and CamGirl Vixen Magazine popped out more than most because I feel like everyone gets represented. I think when someone looks at a magazine, no matter what kind, it is good to see someone “like you”. Representation is extremely important in all aspects of life.

## **I see quite a bit about Swamp 24 / Swamp Company, what's that all about?**

I am still super new to this whole adult industry and modeling thing. This company was the first to give me a shot at representing them as a brand but making it my own as well. They don't look for you “picture perfect” models. They find beauty in everyday “normal” women. I feel like that is who I am too.

## FRESH, FUN & FREAKY

**The EDM Loving Beauty dishes on life before porn, her likes and dislikes and her rise to fame.**

**A**ll natural beauty Laney Grey has lots to say about growing up as the chubby friend zoned girl in high school with a knack for being “super perverted” (as she claims). The blossoming porn star has roots as a cam girl, but not before grabbing some loyal fans through Tumblr and Snapchat. Her rise to adult stardom is one for the books, and she is undoubtedly making a mark in the industry in her own unique way. Behind her gleeful infectious smile and innocent looking eyes, is a woman simply determined to make the best out of life. Laney Grey is nothing short of being as stunning as they come in more ways than one. And if you’re not careful, you might just fall in love with her.

[ CONTINUED > ]

**H**ey Laney. So glad to have you with us. How is 2023 treating you so far?

Hello! I'm so happy to be here! 2023 has been amazing so far! I'm feeling very grateful.

**First, let me say you've been doing an awesome job. Loving the new scenes you've been featured in. What drives you to keep going?**

Thank you so much! My drive comes from my love of porn and my love for the art that it is! I love meeting new people and having new experiences; my life would be so dull if I weren't shooting.

**Which came first, being a cam girl or a full-blown porn star?**

Cam girl Laney was first! I cammed full-time for a year and a half before I joined the industry. Now, I enjoy camming on my days off.

**Every star has an origin story about how they got started in the industry. Take us on a little journey of your story. How did you get started in the adult biz?**

Sure, I'll tell you how I started. My entrance into sex work was through Tumblr. After that, I started selling custom videos, pictures, and my private Snapchat, where I would post daily. Then, I began camming full-time and still selling my Snapchat and custom stuff, but I still wanted more. I thought about starting porn, but I wasn't sure if I really wanted to or how to do it. So I shot a few scenes just to test the waters, and I met a girl on my cam site named Jasmine Callipygian. Her boyfriend knew Sandra, my agent! He got me in contact with her, and we set up a meeting. She signed me when we met, and the rest is history.

**You've performed and acted in scenes from some of the biggest production houses in the biz. Was there ever a time when this seemed impossible for you?**

Oh yeah, plenty of times! It's hard sometimes not to listen to the thoughts in my head that I'm not "good" enough or "hot" enough to make it. Honestly, I didn't think I'd last when I was brand new.

**A few months back, Adult Time released a few vids featuring you and probably some of the most recognized MILF stars, Rachael Cavalli (featured in issue 8) in Idle Fantasies: Come Dance for Me, and Cory Chase in Stuck Snooping. Was there anything new you learned from working with them?**

Yes, I learned a lot from working with them! I love working with the MILFS; they're so kind and know a lot of the ins and outs of the industry. I learned some new positions and tricks on positioning yourself to open to the camera better.

**Over the past few years you've been in the biz, you've certainly racked up quite the resume. So what is probably your most memorable experience so far?**

My most memorable experience was recently when I traveled to Florida to shoot with Stormy Daniels. I was able to be a part of a huge project, and it challenged me in wonderful ways. I think I'm a better performer because of it.

**Let's rewind and take things back before the adult star you are today. Looking back at your childhood, what's one thing you would tell your adolescent self?**

One thing I would tell Lil Laney? That all the people that you go to school with are never going to keep in contact with you in the future, so fuck them! Lol! But also, I'd hug myself and say that I'm beautiful just the way I am, and life will get so much better. Just be patient.

**How were the boys with you in high school; were they at your mercy, or did they keep their distance?**

I was friend zoned a lot. I think I was too "weird" for the boys in high school. I was super perverted and always made people uncomfortable. LOL I was told multiple times I was seen as "one of the boys" and that my guy friends couldn't see me as dating material. Plus, I was chubby in high school, too. One dude told me, "I'd date you if you were skinny." So yeah, that was fun. Hahaha

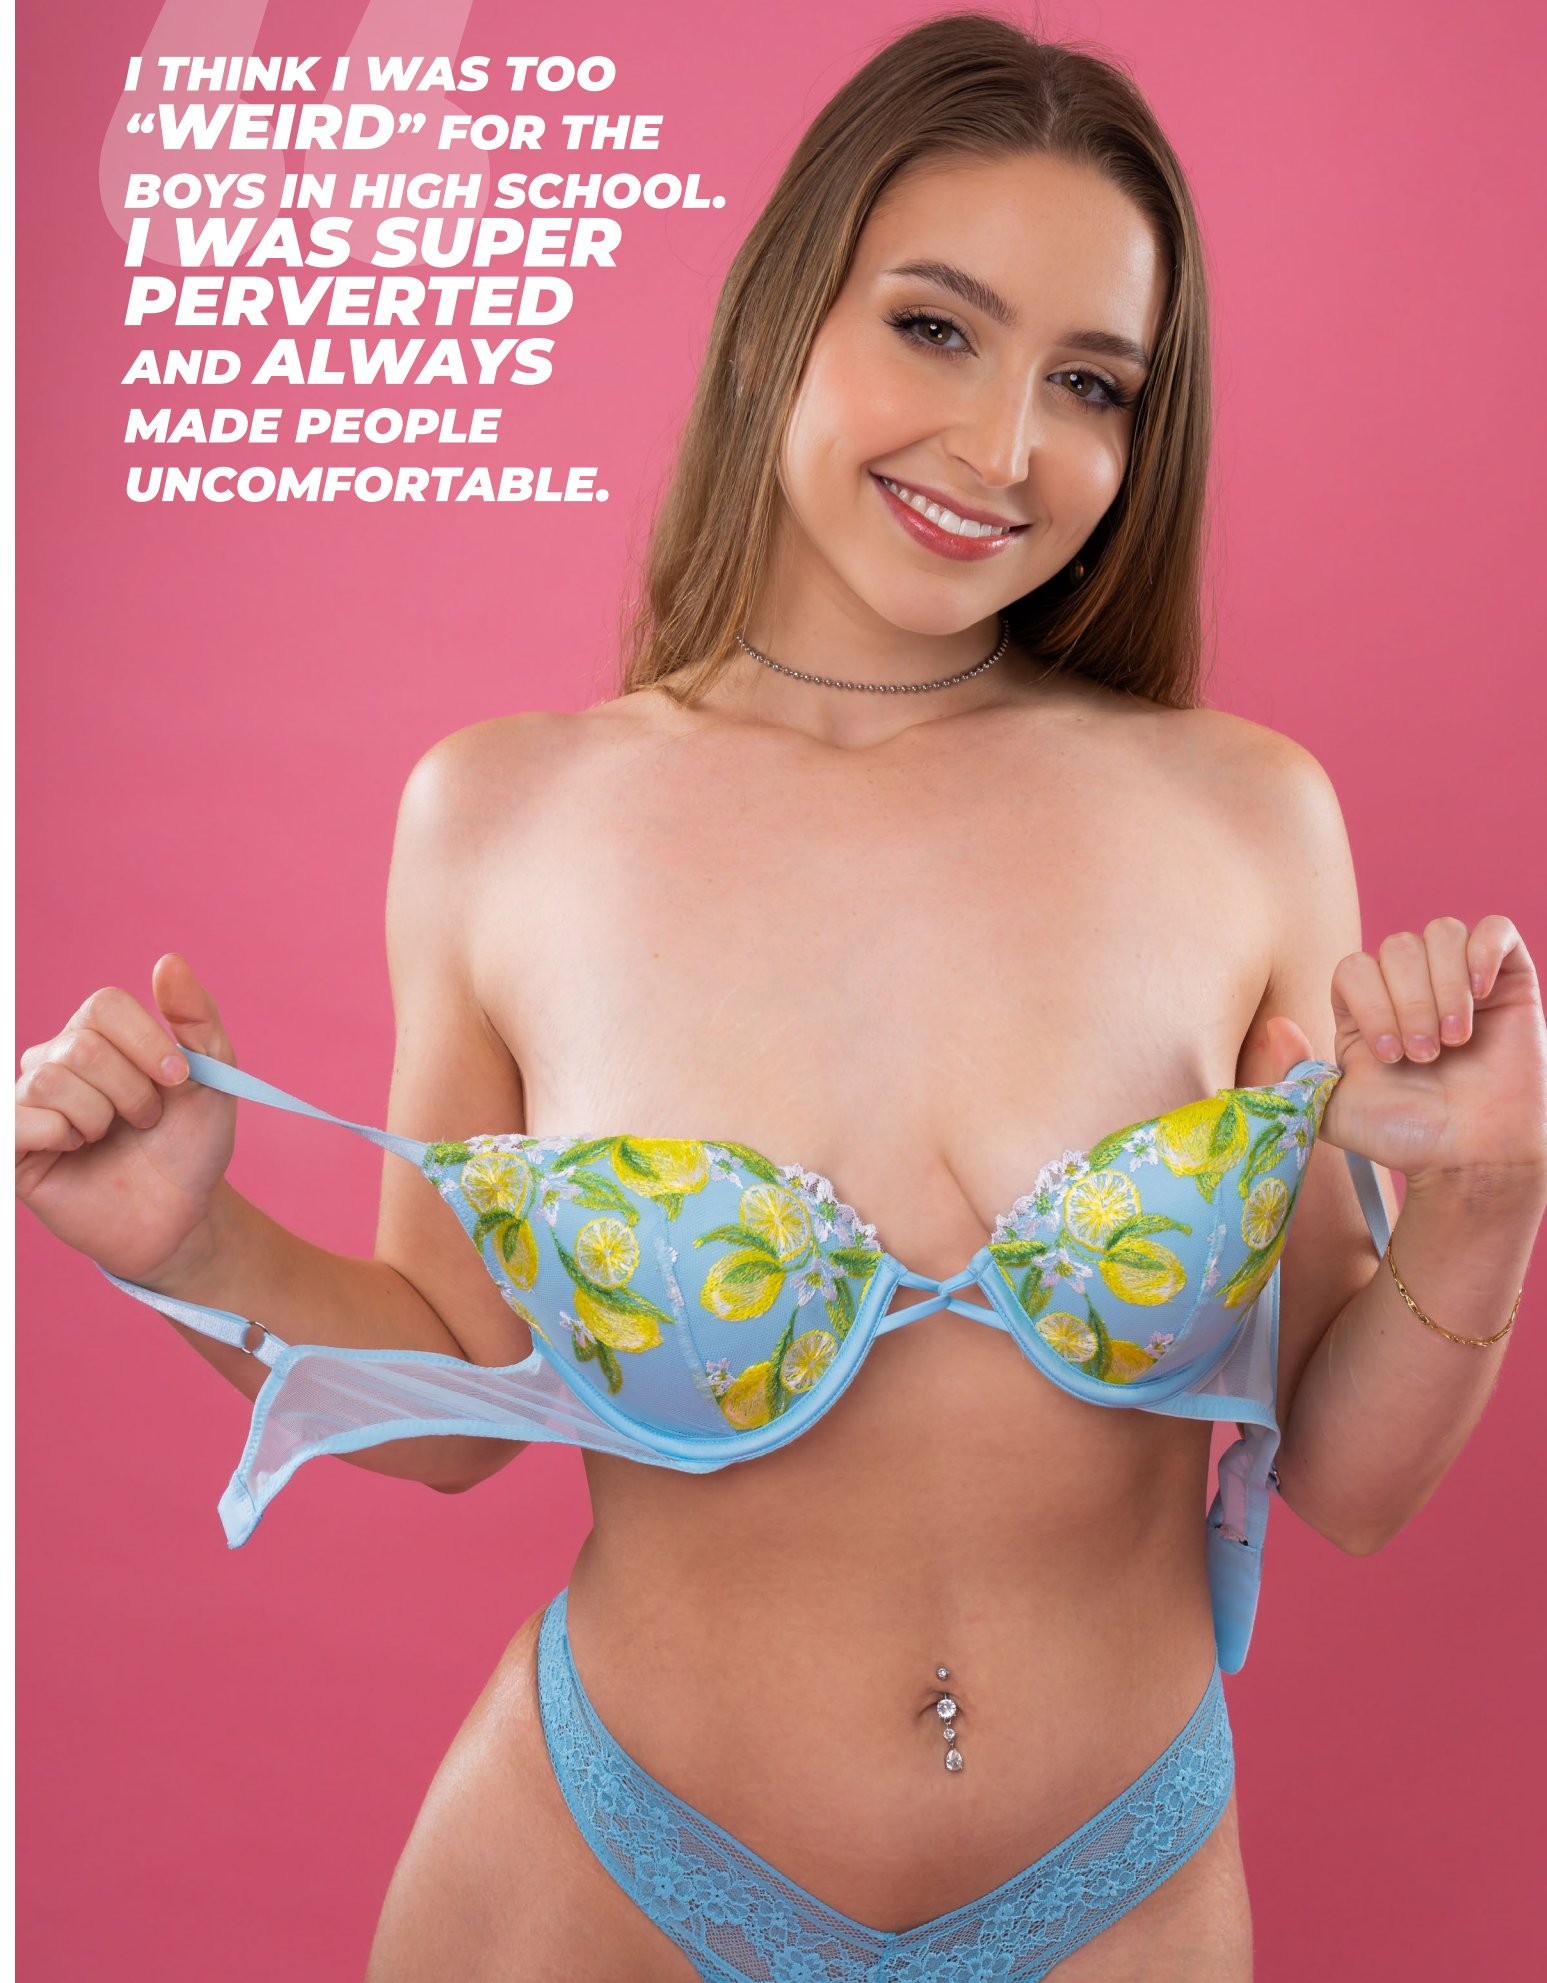

**Still in high school, what were you best known for?**

I really don't remember most of high school. I guess I was known for talking to everyone; I was never into the whole clique thing. I hung out with people from all different groups.

**What about college? Did you ever go, and if you did, what was that experience like for you? Share one stand-out moment you remember clearly.**

I never went to college. I wasn't sure what I wanted to study and was broke as fuck.

**I THINK I WAS TOO  
"WEIRD" FOR THE  
BOYS IN HIGH SCHOOL.  
I WAS SUPER  
PERVERTED  
AND ALWAYS  
MADE PEOPLE  
UNCOMFORTABLE.**

**Tell us about your first sexual experience, and what did you discover about yourself?**

I'd rather not discuss my first sexual experience since I was under 18.

**What else do/did you want to pursue in life, for fun or as a career?**

I would love to travel and see the world; turning that into content I could sell would be a win-win!

**Of all the things you've done in your life, what are you most excited about or most proud of?**

Winning two AVN Awards for Best Oral Sex Scene and Best Virtual Reality Sex Scene this year was super exciting! I never thought it was possible, and I'm so happy and grateful to be recognized.

**As you share your content, what's the most common feedback you get from your audience?**

The most common feedback I get from my audience/fans is that people can tell I love sex! Definitely not a bad thing. LOL

**What's one talent most people don't know you have?**

Most people don't know I can glee, and they think it's a fun party trick.

**People will always draw conclusions without ever truly knowing you, so what are some positive things about you wish more people knew?**

That's true; people do like to assume. I want people to know that I love making people smile. I also love being kind and inclusive because it makes me happy.

**What's one thing you must do before you take your last breath?**

Before I pass, I want to see the northern lights. I'll be sad if I don't ever get to see them.

**WINNING

AWARDS FOR

## BOOTY CAMP THROWDOWN

Featuring: Maya Farrell, August Skye, Megan Maiden

### SUMMARY

Megan Maiden and Maya Farrell are ready to take their health and fitness to the next level by getting some intense training from August Skye, a sexy fitness coach.

August is quick to put them through their paces, though she soon becomes hungry as she eyes their jiggling boobs and bouncing butts. It isn't long before August is ripping through their leggings to get at their pussies, which leads to a very different -- but very rewarding -- wet and sweaty workout of its own!

## GIRLS TRY ANAL

### HAPPY WIVES, HAPPY LIVES

Featuring: Maya Farrell, August Skye, Megan Maiden

### SUMMARY

Two wives, Kimmy Kimm and Scarlett Sage, go to a marriage counselor, Kenzie Taylor, complaining that they both want anal play in their lives but that they BOTH want to be receivers, not givers. Because of this, there's a strain on every other aspect of their relationship, even though they still love each other very much. What can they do??

Kenzie, who is currently unhappy in her OWN marriage, seizes the opportunity to suggest a threesome with her -- that way the wives can both receive anal at the same time! The wives are shocked at first but, after some convincing, decide to give it a try to save their marriage.

They then have an energetic threesome... only to be interrupted midway through the sex when Kenzie's wife calls. But it doesn't stop them from continuing to have lots of anal-focused fun!

## LUST TRIANGLES: CHAPERONE'S ULTERIOR MOTIVES

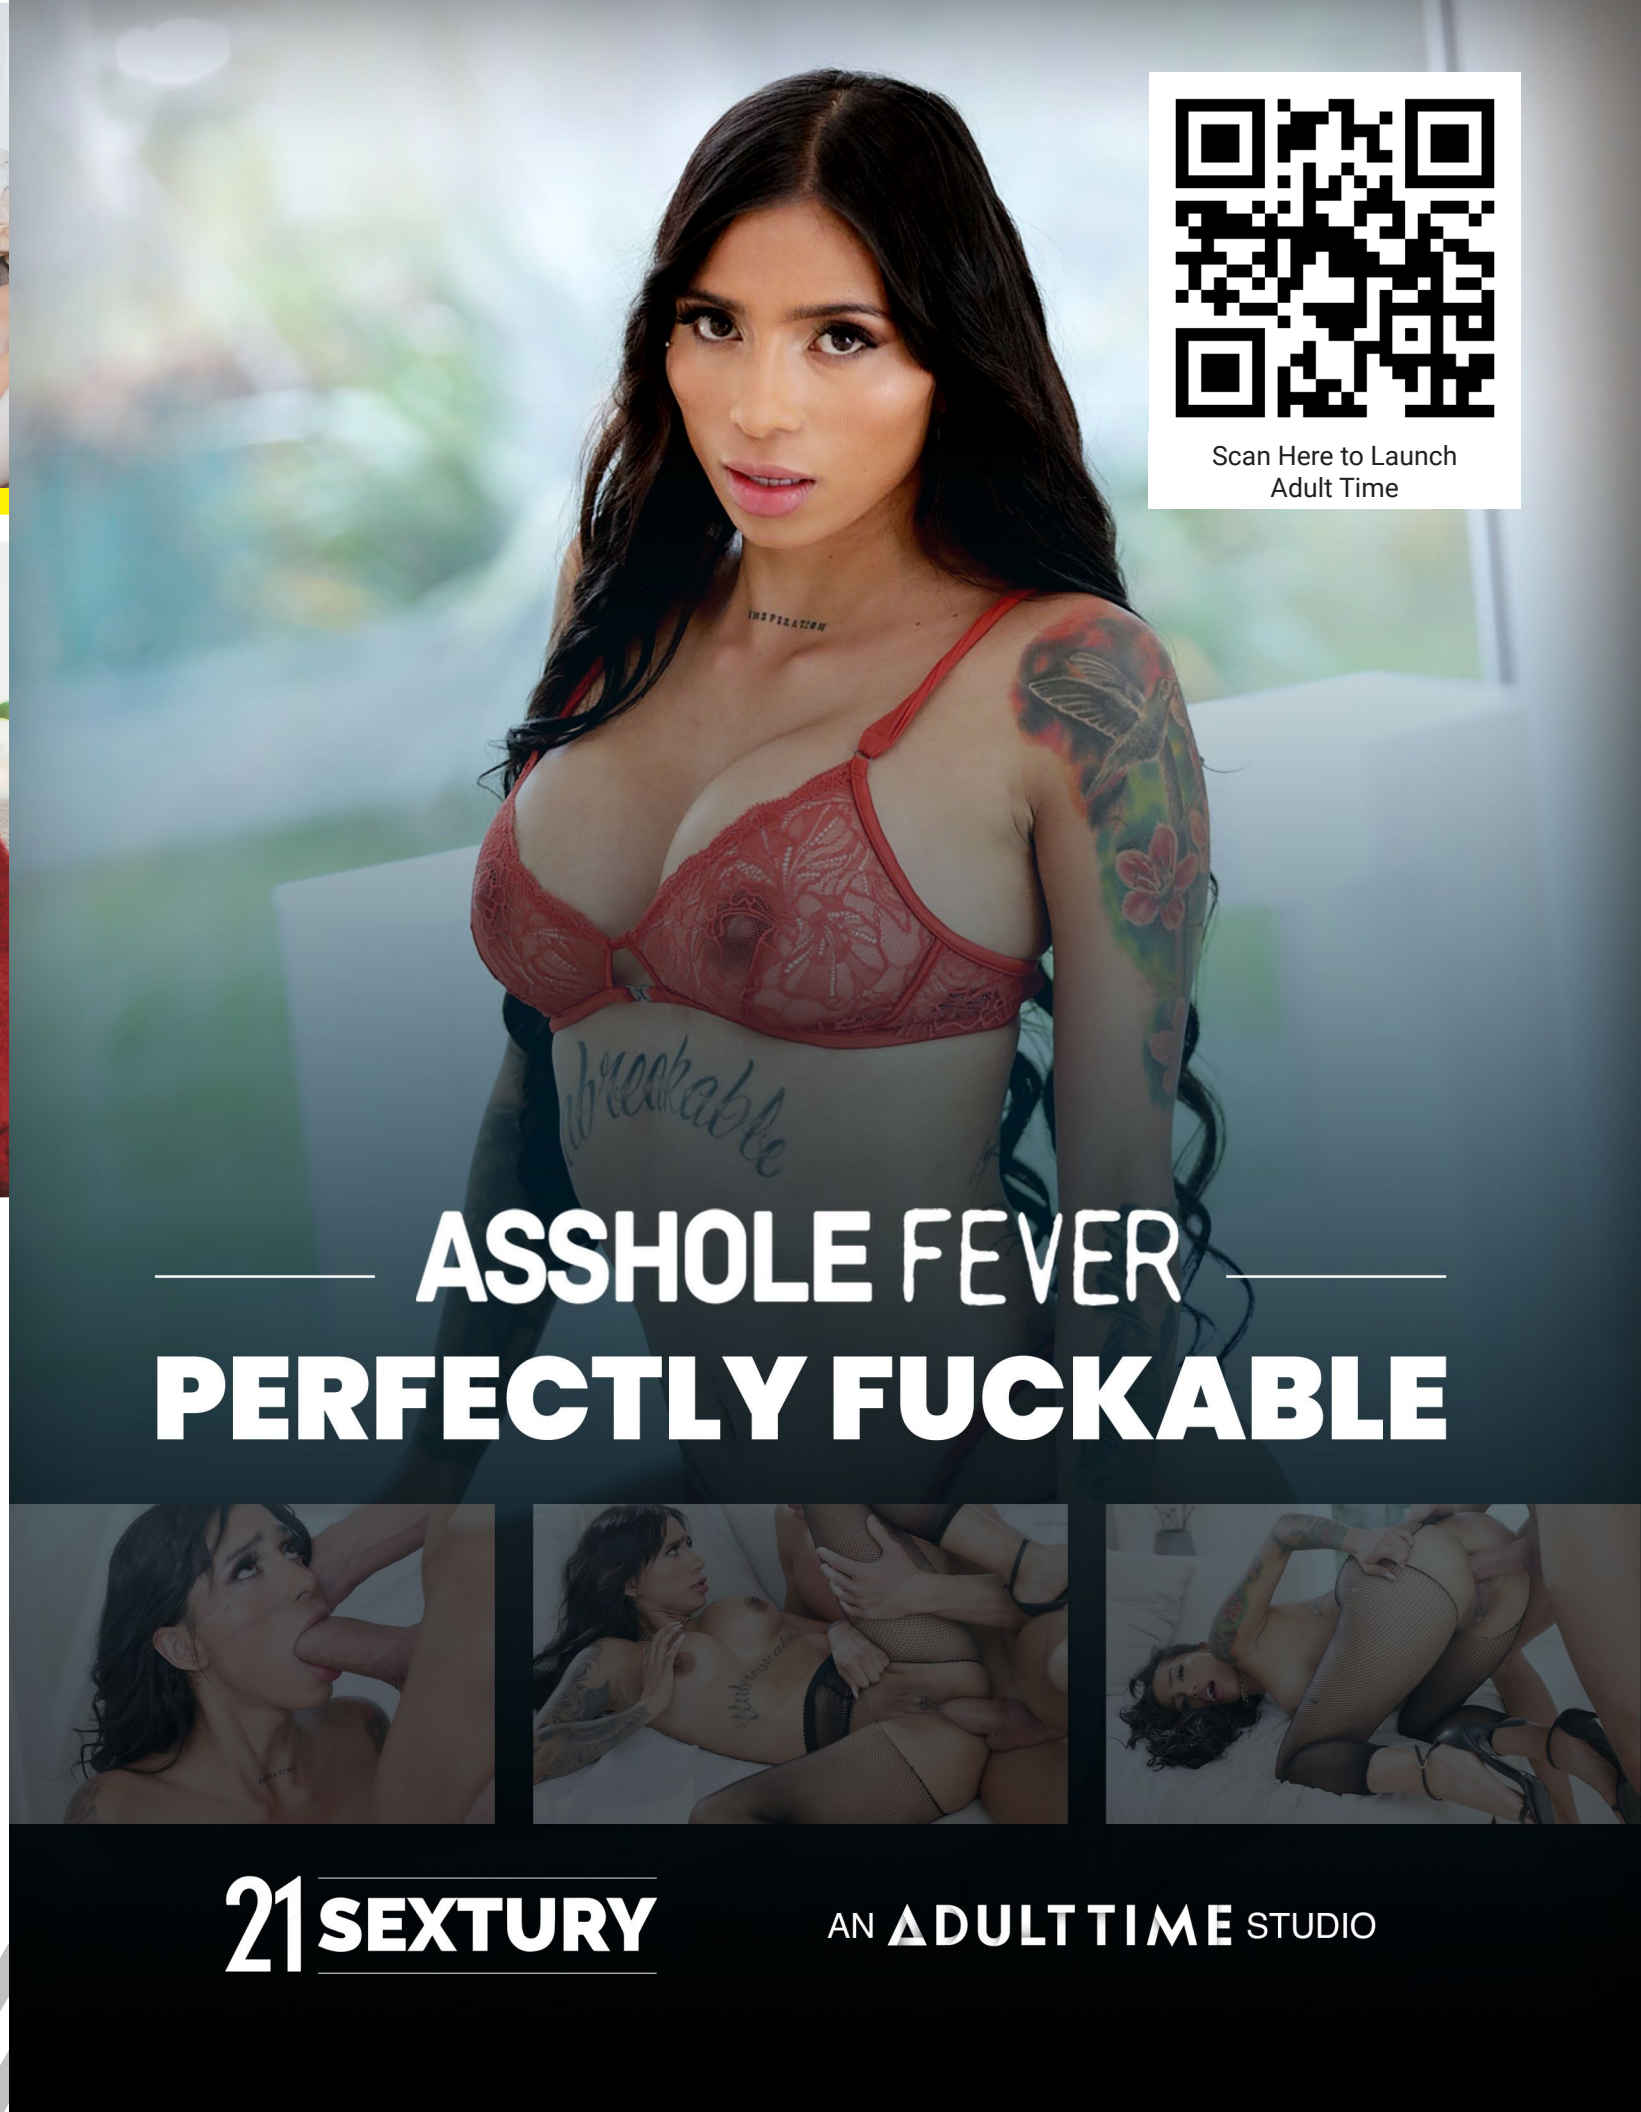

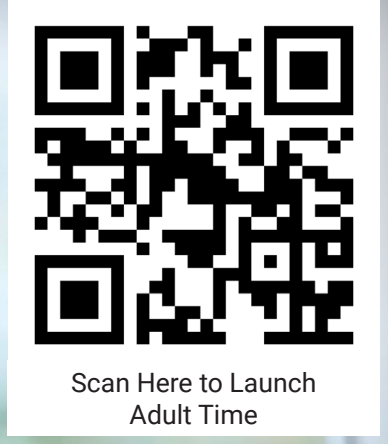

Featuring: Lauren Phillips, Lily Larimar, Maya Woulfe

**L**auren Phillips has helped her teen neighbor, Maya Woulfe, court Lily Larimar at bible camp recently. Lily and Maya are inexperienced when it comes to relationships, so they're thankful to have had Lauren's guidance to make sure they do things properly (and don't get up to any naughty business). But today, they're about to go through something truly special - their first date, chaperoned by Lauren, of course.

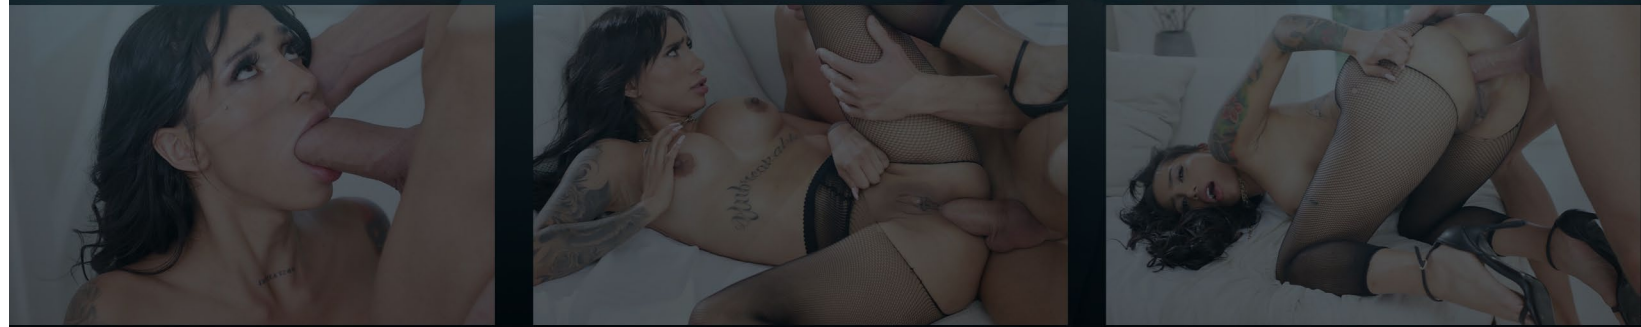

Maya and Lily arrive at Lauren's house, eager yet a bit nervous to get started. After all, this will be their first lesbian date ever. Lauren can sense their anxiousness, as well as the obvious chemistry the twoteens have for one another. Given this, she makes sure to sit between them on the couch as they start getting to work on a jigsaw puzzle. Lauren wants to make sure they're both occupied with a task so that they don't get too distracted by the naughty thoughts they're certainly thinking about each other.

But soon enough, Lauren can't help but get up to some naughty fun herself. She slips her hands under the blanket that's covering their laps and starts to finger the two teens. The teens love it, though they try desperately to not make their date find out what's going on. At one point, however, it becomes obvious that Lauren's had both hands in the cookie jar. But luckily for her, the teens are ready for more and ask Lauren to guide them through their first sexual encounter. They have a steamy threesome, with plenty of side-by-side fingering, facesitting, and Lauren getting her pussy shared by Maya and Lily as their tongues dance between her legs. It seems like THIS sneaky chaperone got EXACTLY what she wanted.

**“YOUR END GOAL MUST EMPOWER YOU...IT WILL KEEP YOU PUSHING EVEN THROUGH THE ROUGH DAYS”**

# THE BUSINESS OF BEING A WEB CAM PERFORMER

WORDS: CamGirl Vixen Mag

**A**dult webcam is here to stay, and many who have started have become wildly successful as a camgirl or cam boy. With many top platforms like MyFreeCams, Chaturbate, CamSoda, BongaCams, Streamate, just to name a few, you can have your pick as to where you want to set up shop. But, there's a problem. With all this competition out there in the cam space, how can you ensure your success? And what's to be said about it if you want to truly develop a business around it all.

In this article we'll cover 5 must do tips in order to build a successful business as an adult webcam model. Let's dive into the mind of the business minded web cammer

## 1: BEGIN WITH THE END IN MIND

Too often cam hopefuls go live with the belief that all they need to do is to show off their tits and then tips will come raining in. This may be the case in a few instances, but this is not the norm. If you wish to earn in excess of 10K per month, you need to begin with the end in mind. What do I mean by this? I mean what is your true purpose for camming, and what ultimately do you want to get out of it. Some start to cam because of the thrill of it, or the idea that they will make gobs of cash going live, but it has its downsides if you're not prepared. It takes months to generate a fanbase that will constantly support you. So you must think of what your ultimate purpose is. Do you just want to do this

part time, or do you want to do it on a full time basis? Does it conflict with your values or family's values enough to truly disrupt your life? Will this negatively impact my 9-5 job, and if so do you even give a shit as to what your boss says about your camming. Do you plan on camming forever or do you have an exit plan? These are real considerations and must be addressed?

A quick trick is to think to yourself, "5 years from now will this get me further toward my goals in life?". If you're OK with the consequences (yes there are consequences if you wish to eventually quit) then sure, do it. If not, you may want to find a more discreet way to hop on your sex work game.

Your end goal must empower you, because its this inner empowerment that will keep you pushing even through the rough days when tips are slow, or when you simply want to give up. Consistency is key, and it will do you good to do it even when you don't feel like it. Your fans will reward you.

## 2: SET UP A CORPORATION OR LLC

It would be in your best interest to create a corporation or LLC in order for you to do business under. The adult business can be quite lucrative for solo acts, but like any other business, getting the right structure can really protect you in your venture. For instance, setting up a corporation or LLC takes the liability off your personal assets in the case of a

disagreement, law suite, or any other issues that may pop up. Your personal assets aren't touched, and you can write off a shit load of stuff as a result. Bought a new vibe or dildo for your cam show? You can write that off. Bought a new webcam or laptop? You can write that off too.

I will say that this is not financial advice. Speaking with a knowledgeable financial and tax professional is highly advised, so do some research to find one in your area that you can trust to provide you with the right information.

Another thing about setting up a corporation or LLC is that it allows you to be more flexible in what you can do in the business, and really helps when it comes to collaborations from a liability perspective. It may also be wise to consider some form of business insurance.

### **3: LOOK FOR INSPIRATION, BUT DO NOT COPY**

I recommend watching and learning from the top cam performers in the industry. Seek them out, watch their cam shows, peep their social media, see what kind of pics they take. See what their fans are commenting about. Watch and learn then do what they do. Well not exactly as they do it. Create your own version and spin it with your personality and taste. For example, if

you see that based on your style and personality, cosplay makes sense, then watch the top cam performers that do cosplay, but instead of copying their Naked Zelda photoshoot frame for frame, be inspired and do your own thing that truly captures your personality. If you see that they do teasers, do teasers too, but in your own unique way. Fans can quickly tell if you're ripping off someone's idea, so it's best you take some time to try your own thing.

Warning! Don't let this thought paralyze you from getting started at all. You'll fumble a bit in the beginning, but you'll soon find your voice and your own style, and your fans will love you even more for it.

### **4: LEVERAGE MULTIPLE PLATFORMS**

Cam sites have a rule that you can only create one account and will ban you from creating multiple accounts on their site. This makes sense for them to do that. Instead I suggest making a single account on many cam sites. But there are some pros and cons to doing this. Let me explain.

#### **PROS:**

- reach a wider audience
- operate across multiple time zones
- potentially earn more money

#### **CONS:**

- Can be difficult to maintain depending on the amount of accounts you have
- Pay will vary greatly between them all
- Potential video slowdown and buffering if you are camming on multiple sites at once

With these factors in mind I suggest trying out a bunch of cam sites at once, then identify your highest performing accounts, and stick with those. In the end you'll notice that only 2 maybe 3 of them are real money makers for you.

### **5: GET SOCIAL**

In addition, you will want to set up your social media accounts to reflect your camming venture. Instagram is great, but you are limited to only SFW content. Twitter is more open and allows for NSFW content but you will risk being censored in some ways, and in rare cases shut down depending on the degree of explicit nature of your posts. Other sites like Reddit and Tumblr also allow for nudity but will censor or in some cases remove it all together.

#### **My top recommendations for NSFW posts are:**

- Telegram
- Sharesome
- Twitter

Don't underestimate the power of video. You can add to your main cam profile by creating a clips account at APClips or ManyVids, or using good ol' Pornhub, Xvideos or Spankbang to upload your free and premium videos to. Each one of these sites have their own rules and regulations, so check them out and make your pick if you so desire.

Collaborations are also a huge way to grow your cam business. Who in your area can you collaborate and take pictures with or even do a joint live cam show with? Collaborations pay off in the end.

### **CONCLUSION**

If you truly wish to get the most out of your adult web cam modeling career, please consider what was mentioned in this article. Too many start and quit because of unrealistic expectations upon them starting out. Set goals and be intentional about hitting them, and when you fail on some, assess what worked and what didn't then adjust and go for it again. I hope you got some value out of what you read here.
