**BEAUTIFUL, ELEGANT, AND MADLY IN LOVE!**

**Q&A: HIME MARIE / CAMGIRL VIXEN MAG**

**RECENTLY CROWNED  
CHATURBATE BROADCASTER OF THE YEAR,**

Hime has become a beacon of success in both the webcam and mainstream adult entertainment world.

Loyal to Chaturbate for its diverse community and supportive environment, what started as a fun experiment quickly blossomed into a thriving career, earning her many accolades along the way. Known for her professionalism and artistic flair, Hime brings a rich creative background to her work, and it shows. Her fans admire her authenticity and dedication, and she credits their loyalty for keeping her motivated. Whether delivering stunning real and raw performances or advocating for inclusivity, Hime continues to excel, blending artistry and purpose in every aspect of her work.

**LET'S CELEBRATE WITH CHEERS,  
HIME MARIE.**

[ CONTINUED > ]

**H**ello Hime, welcome. It's a pleasure to finally have you with us. First I want to congratulate you on being the reigning Chaturbate Broadcaster of the Year.

### FIRST THINGS FIRST

#### After all these years, and other cam sites on the scene, why still Chaturbate?

Thank you for the congratulations! I stick to Chaturbate because I believe it's the best and most diverse platform for cam models. Any gender can broadcast and couples and group shows do phenomenal. The traffic on the website is also greater than any other adult webcam platform that I've seen. Although, one of the biggest reasons I stay is because my fanbase is so loyal there.

Chaturbate, as a company, is also one of the best. They truly care about their models and go out of their way to accommodate, reward, and help us in whatever way they can.

#### It's been a wild 2024 so far. What's the biggest standout achievement or event of the year?

That's a tough one! Being awarded Broadcaster of the Year by Chaturbate was a huge honor, and they had such wonderful things to say about me. However, I am also very thrilled to have become a Spiegler Girl as well this year.

We're excited to discover more about you, your life, and career. So, let's start from the beginning.

#### Were you always drawn to performing, or did you have other career ambitions growing up?

Yes, I have always been a performer. I was in ballet as a child and danced for about thirteen years. I have always enjoyed the attention and putting on a show. Sometimes I definitely wish or wonder what things would have been like if I decided to become a prima ballerina, but my lifestyle right now is a lot more fun!

#### What were your hobbies and interests as a child?

##### Did you have any unusual talents?

As a teen I was very artistic. I would sketch, paint, and use digital mediums. This would set up my run as a

makeup artist from the time I was 18 to about 21. I have always enjoyed expressing myself in an esoteric way, and making women feel beautiful about themselves made me feel good too. However, this career was short-lived, as I began webcamming a short while later.

### CAREER START AND GROWTH

#### Tell us about what led you to the world of webcamming?

To be honest, I had just gotten out of an abusive relationship and was feeling quite terrible about myself. This was around the time webcamming was becoming more mainstream, and my Instagram feed was being filled with cute camgirls in cute bedrooms. I really wanted and needed to feel beautiful again, so I gave my first stream on Chaturbate a try in November of 2016 and the rest is history.

#### Did you ever think that camming would have led to all the success you're currently experiencing?

I certainly didn't think that camming would amount to much for me, I just figured it was something fun to try and some good extra cash. Things just kept snowballing, and I was making so much money I didn't know what to do with it at the time. Thankfully, the online sphere of sex work was really taking shape around this time, and I had a lot of insight from peers who had been navigating the industry before me. I did not think I would turn out to be Pornstar Hime Marie, but I like it!

#### I saw one post celebrating you for being professional in how you show up to your work and business.

**How important is that level of professionalism when it comes to this business? What continues to drive you to keep on going?**

Although I appreciate being recognized for my professionalism, it should be the bare minimum.

As a teenager, I worked at an English style tea room for a few years through high school. It was a unique and more high-end kind of server position that taught me so much, prompted by the owner. Some lessons I took away from this job were that everyone will not always remember the things you say or do, but they always remember how you make them feel. I want people to feel good about working with me.

Every situation can be handled with a level of grace, gentility, civility, beauty, and excellence.

**“OUR RELATIONSHIP IS AN ANOMALY IN THIS BIZ. HE HAS BEEN THE MOST POSITIVE INFLUENCE IN MY LIFE EVER.”**

**HIME  
MARIE**  
BEAUTIFUL, ELEGANT,  
AND MADLY IN LOVE!

**What do you love most about your job and the adult entertainment community?**

I love the financial and general freedom this career offers. It's certainly not easy and I still have to work VERY hard, but the flexibility that I have allows me to explore other things I'm passionate about.

**What are some of the proudest moments you've experienced in your career so far?**

I was so proud and honored when I received the Chaturbate Broadcaster of the Year award at the AltStar awards this summer. I certainly don't have the time to cam as regularly as I used to, but it felt so validating that my efforts on Chaturbate are still recognized and celebrated.

**ROMANTIC RELATIONSHIPS & SEX LIFE**

**Would you say your personal life and sexual identity have been influenced by your career?**

I'll answer all these in one question as that will be more concise! I'm in a very public relationship with male talent, Kyle Mason. Funny story, I shot my very first scene ever for Naughty America in Florida with him circa June 2017. We didn't begin dating right away, but we had amazing chemistry. About a year later, he noticed I was in LA around the same time as him and took me out on a date in Hollywood. We are now engaged and getting married in April!

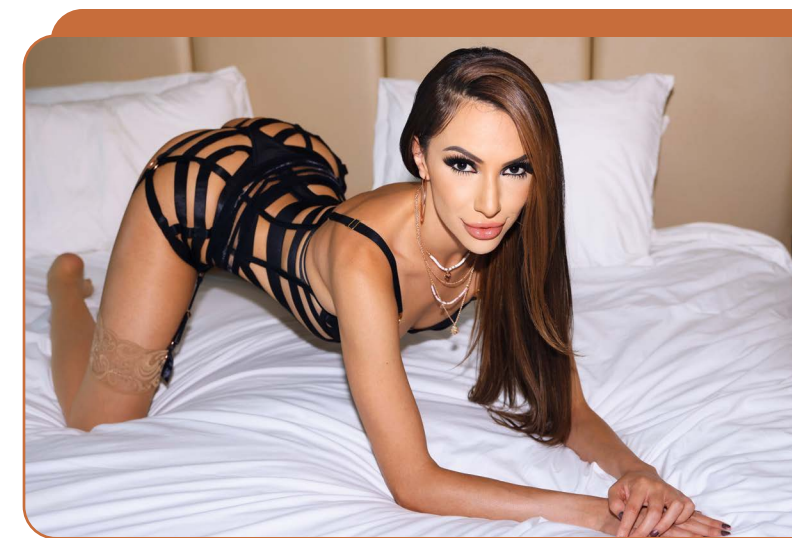

Our relationship is an anomaly in this biz. He has been the most positive influence in my life ever. He doesn't drink, smoke, or party, and he is constantly pushing to be a better version of himself and that inspires me to do the same.

When it comes to scenes and content collaborations, our goals are to make as much money as possible and enjoy ourselves along the way. We encourage each other to take every opportunity and connect with others in the industry. Neither of us are opposed to having casual rendez-vous with other performers. Our love and relationship goes much deeper than just sex!

**WHAT PEOPLE SHOULD KNOW**

**Outside of work, what issues or causes do you feel passionate about?**

I recently began attending college for a degree in Sociology. The rise in antisemitism and xenophobia within

the last year has been so alarming to me, as a person of Jewish descent. I believe to fully understand it and have difficult conversations with my peers, having a good foundation in social issues is key. Sociology explores our socialization and institutions from a macro perspective, and what circumstances lead people to the lifestyles and beliefs they hold.

I am hoping to make the world a better and more tolerant place with my knowledge and input.

**If you could tell your fans one thing that means a lot to you, what would it be?**

It means so much to me that my fans have stuck by and uplifted my work for the last seven, almost eight, years in the industry! It's so easy to get lost in the crowd and lose motivation, but I have the best fans ever, and their loyalty does not go unnoticed.

**What do you want people to take away from your work and presence online?**

I want people to enjoy my content freely and without shame. I'm here to provide a fantasy for them, whether it's passionate and vanilla, or rough and kinky. I want my fans to truly get their rocks off and keep coming (no pun intended) back for more!

**FINAL THOUGHTS**

**Any last words you want to close with – it could be anything?**

I appreciate you taking the time to get to know me, and giving my fans an opportunity to read more about me as well. Thank you so much!

# THE IRRESISTIBLE LEANA LOVINGS

THE AWARD-WINNING CAMGIRL TURNED PORN STAR SHARES HOW SHE EXCELS IN A WORLD WHERE COMPETITION IS FIERECE!

Q&A: LEANA LOVINGS / CAMGIRL VIXEN MAG | IMAGES: QUASAR

F

amously known by her webcam moniker “naughtynightlover”, Leana Lovings is a rising star in adult entertainment, celebrated for her creativity and authentic fan connections. Growing up on a farm, she cultivated her imagination through books and storytelling, later inspiring her journey into camming. Leana values personal connections, maintaining strong ties with fans on platforms like Chaturbate.

Her career highlights include ambassadorship with Adult Time, starring in acclaimed films, and directing projects, blending her webcam roots with mainstream success. Passionate about self-expression and advocacy, Leana challenges industry misconceptions while championing respect for sex work.

We’re delighted to bring to you the irresistible cam girl, director, model, creative, and mainstream powerhouse talent, Leana Lovings!

[ CONTINUED > ]

**IT'S THE ONE AND ONLY LEANA LOVINGS,** the “naughtynightlover” herself. First of all, you look absolutely stunning the photos. I think the fans are truly going to love them. Wow, welcome back. It’s so great having you here with us again.

**It seems as if 2024 brought many wins. Care to share any that stands out for you?**

Of course! I think the wording of wins is interesting. Everything earned this year has been incredibly humbling, but I haven’t yet had the time to process them. Becoming an Adult Time Ambassador is a deep pride of mine, and being able to undertake so many projects within that helm that also expanded my knowledge of porn, sex, of professional camaraderie was the largest boon from it.

I directed my first series, IntimatelyPOV / IPOV, played a leading role in Bree Mill’s film Birth, and performed in many other projects while also coming back to my roots and representing Chaturbate as a brand rep. for XXXOTICA this November.

In addition, my Elegant Angel feature from the beginning of this year, being able to participate in panels at XBIZ and speak on the industry and share insight as a performer, celebrating my Doc Johnson toy release, those things are also separate achievements that I am proud of.

**You’re now an Adult Time Ambassador, congratulations. When the opportunity arose, what was it that made you say yes to the opportunity?**

When Bree Mills approached me about becoming an Adult Time Ambassador, we had already been working on projects each month. Something I noticed quickly is that Adult Time was focused on not only quality and performer safety, but also on growing the skills of every member of their team. It was an investment that meant I would need to be ready to show my desire to learn, and I knew that the challenge was worth the opportunities it gave. I’m still very new in the industry and I want to continue to open the way for eager and intuitive creators to succeed.

**We noticed a slew of webcam dates were posted to your X/Twitter account back in November. How important is camming still for you considering that you’ve successfully transitioned to mainstream productions?**

Camming is an integral part of my identity, and with it being the origin of my relationship with my fans, I don’t think it’s something I would easily part with. I still find Chaturbate to be an incredibly vital part of my presence because it keeps my fans informed, and I never intended to fully “leave camming” despite my increased relationship with mainstream productions.

**With all the cam sites that exist today, what made you stick with Chaturbate after all this time?**

As a platform, Chaturbate has one of the largest audiences that I can consistently rely on to attract new fans, and they’re reliable when it comes to requesting DMCA takedowns of my content. I always have a good number of viewers in my room that pay consistently.

**How did you enjoy the most recent EXXXOTICA New Jersey Event?**

I was thrilled to participate at EXXXOTICA New Jersey. Not only did I attend as a Core Representative for Chaturbate, I also co-hosted the Exxxotica Monster Ball with Kenzie Taylor and River Wolf. There was so much excitement sharing the livestream of my experience while giving out autographs and handing out

fanfare, and that is the way of nearly every convention.

**CAMMING IS AN INTEGRAL PART OF MY IDENTITY, AND WITH IT BEING THE ORIGIN OF MY RELATIONSHIP WITH MY FANS ...”**

### **LIFE BEFORE CAMMING & PORN**

**Where did you grow up, and what was your childhood like? Were you a quiet, private person growing up, or were you more extroverted, life of the party kind of girl?**

I have always been a quiet person. In everyone’s youth I think it is easy to feel energetic towards our interests, and it was hard to keep me away from the local library or computer . While I lived on a farm, I experienced the sort of seclusion that fosters quietness and healthy curiosity without the communication that most people would have with friends their age.

Everything I needed was online; it's why I ended up wanting to explore myself through the internet in the first place.

**What kind of interests and hobbies did you have as a teenager? Were you always creative or expressive?**

I was very much into creative writing. This is wild, but I would cozy into the living room and write in roleplay forums nearly every day. I'd have different prompts and stories with my online friends that weaved entire story-arcs. It was quite the nerdy thing to do, and I played video games on occasion. I also drew every day, and sometimes practiced on a small screen-less Wacom Bamboo Tablet.

**What were you best known for in high school or in college?**

I was known for eagerly claiming the presidency of the psychology club in my second year. I was very much a go-getter and attended as many conferences as I could while managing my class schedule.

**WEBCAM BEGINNINGS & TRANSITIONING TO MAINSTREAM**

**How did working as a cam performer shape your confidence and comfort level on camera?**

Working as a camgirl deeply influenced my ability to improvise what to say. It's easier to perform in VR where you're distinctly speaking to a camera without response, and it feels akin to a consistent roleplay. I'm familiar with this sensation through camming because of my prior participation in private sessions. Even outside of VR, playing so many characters for my fans via cam has influenced how it feels to be outgoing with my costars. It aided my comfort despite the fact that nothing can truly "prepare you" for mainstream.

**Are there any unique challenges in balancing your webcam work with your film work?**

The schedule for my travels to mainstream work has always been difficult. Nearly every month, I fly 6 hours into California for larger shoots, and sometimes I'm able to bring my streaming equipment. The problem arises if a shoot is requested last minute, I would cancel my stream. I'm trying now to have a more regulated schedule for camming that anticipates what my days off should be, but the work is never really done. I think there will always need to be assessments and adjustments for each.

**What's the most important lesson you've learned from each side of the industry—webcamming and mainstream film?**

It's weird to say that there is a specific flow that you get used to when you're camming - the energy rises and swells at certain parts of a stream. You read their comments to know what they want from you in that particular moment and you know what your plan is going to be for that particular night. For mainstream, I have an imaginary audience behind the camera asking for specific angles of my body, or certain expressions while I'm in position. That's one lesson I've taken from this.

Another lesson I've learned, is how to reflect the arousal that I feel with a partner—how to amplify it for the camera until all the ecstasy and joy I'm feeling is communicated as completely as possible. When I cam now, taking those lessons, I also realize how better I am at the transition between positions. It feels like I can make things look more effortless at times.

**Do you have specific career goals within both the cam and mainstream spaces, or do you see them blending together?**

I think that my goals within camming and mainstream are intrinsically separate. Despite my success on either platform consistently benefitting the other, the industry that maintains both of these things also treats them separately. For mainstream my goals are constantly expanding as I want to master both performing and directing. I want to grow the size of my projects while I act and write and see where they take me. For camming, I want to have more themed days and greater consistency now that I have a better handle on the balance of mainstream work.

**What's one piece of advice you'd give to someone considering a career in either camming or mainstream adult film?**

Listen to yourself. Whatever profession you choose, you're allowed to ask for things and advocate for yourself. I think that's the most important thing to understand. In the entertainment industry you are giving a part of yourself to the world. And in order to maintain your "self" in that act of giving, you need to know how to have strong boundaries. Take care of yourself, do check-ins to make sure you're not just pleasing the audience but that you feel comfortable. Everyone can get swept into the upswing of a performance high but you're the only one who can hear your inner voice that says things are okay.

**“ I DON'T TYPICALLY  
HAVE SEX OFF

LIFE OFF CAMERA,  
IS... WELL, BARELY

## PERSONAL RELATIONSHIPS & SEX LIFE

### **How do you manage to keep personal boundaries intact, given the intimacy of both your cam and film work?**

I like to think that in the professional setting your co-stars and fellow crew members understand that this is a job and that, as long as you have professional courtesy, they respond in kind. It's different with fans because they see one consistent persona- the kind that you've established in your connection with them that pulls on their desires. I try to establish, "I'm very shy in person so, please be kind to me", "Please don't touch me unless I say it's okay", "I think that when someone behaves like a gentleman it makes them more attractive", etc. And I think it is solid advice that as long as you tell people what you expect from them, things work out fairly smoothly.

### **What is the biggest difference between your personal sex life vs your on-camera performances?**

I don't typically have sex off camera, and never with my colleagues. I have perhaps had at least 3 sexual experiences in my life that don't include being filmed. Despite hundreds of scenes I think the biggest difference here is that my sex life, off camera, is... well, barely existent.

### **What qualities do you look for in a partner who can understand and respect your career?**

I think the question answers itself! That is my penultimate requirement. Anyone who can do that, genuinely, without judging the industry and while being open to what a different path my personal life leads, is someone I would accept wholeheartedly. Am I naive to believe that there are people who can see through the size of my online presence? Only time will tell.

### **Do you ever take inspiration from your own relationships for the content you create?**

No, I haven't taken inspiration from my own relationships from scenes, but sometimes I'm inspired by dating sims. Being that I do not have many personal experiences to source from, I also rely on the naughty fantasies that keep me up late at night. I believe this method keeps me closer to my fans' desires! What fits a lonely dreamer's preferences better than another dreamer who meets them halfway?

### **Wholistically, what would you say are your ultimate forms of pleasure.**

Soft touches on the skin, the look someone gives you at the height of your sexual connection, the sighs and moans of your partner when you know you've made them feel good.

**MANY PEOPLE ASSUME THAT IF YOU JOIN THE ADULT INDUSTRY YOU STOP CAMMING... THE FUTURE OF PORN IS MORE PERSONAL... PEOPLE WANT THEIR STARS NOW TO BE MORE PERSONABLE... ”**

## CAREER & FUTURE ASPIRATIONS

**What are some of your favorite things about camming? Is there a particular aspect you find especially rewarding?**

I love the direct nature of my communication with fans when it comes to camming. I immediately know what they want, and my stream is highly customizable depending on how I feel that day. I can stream from my bedroom, the living room, the office, etc., and can make that day gentle or exciting. The reward comes in the surprises that my fans give to me, and in the interactions we have together.

**And how about mainstream adult films—what excites you most about being on set and creating in that environment?**

I love creating in a space that is higher end and has more production value. It's more ordered and there is a sense of community that comes with interacting with the same crews. The more scenes you do, the more often you'll see the same people. It's nice to have so many familiar faces and to know we all make porn.

It sounds strange, but as a camgirl you don't always get that sense when the dynamic is typically shaped around streaming from home.

**What's been one of the most memorable experiences of your career so far, in either camming or mainstream adult work?**

I'll never forget being on scene for the recent Adult Time Feature, Birth, and watching Casey Calvert "break her water" in front of Seth Gamble and I. That particular bit takes place just as she walks in on the end of us having sex! It was emotionally intense and unforgettable, and so was the entire project. There were so many lessons to take away from those 2 weeks of filming that it would be impossible to share all of them!

**What's another area of entertainment you'd like to explore?**

I'd want to experience acting in non-porn films, shows, etc. I think experimenting in acting for other forms of media would be very informative. My brain is particularly greedy when it comes to opportunities to learn.

## WHAT PEOPLE SHOULD KNOW

**Are there any misconceptions about camming or the adult industry you want to address?**

Many people assume that if you join the adult industry you stop camming altogether. This is not a requirement and I wish more pornstars interacted with their fans online through camming—it generates a deeper form of relationship. Camming goes both ways. You're learning more of what your audience likes and you're informing yourself of how your fans see your brand.

I think the future of porn is more personal. Many people view pornstars as untouchable, but in a consistently online world where parasocial relationships are the norm and the desire for connection grows deeper, I think people want their stars now to be more personable, to be connected with them.

**Is there a message or value you hope to convey through your platform, aside from just your content?**

I want to express as much love as possible. Kindness to oneself is probably the biggest thing that I try to teach

because if you don't take the time to love and heal yourself, you don't have the space or energy to give kindness to others. If the comfort and time I can give to people thousands of miles away on a phone screen influences the positive outlook on their day, I've done something good.

**If you could use your platform to help change one thing in society, what would it be?**

I would want society to become more understanding and accepting of sexwork. I want people to see that intelligent and educated persons can make the decision to join this line of work and that we all deserve to have rights to earn and express the way we wish without discrimination.

TO FIGHT  
SOCIETAL STIGMAS

WORDS: CAMGIRL VIXEN MAG

**LET'S FACE IT — SOCIETY'S JUDGMENT OF ADULT MODELS IS STEEPED IN OUTDATED STEREOTYPES AND DOUBLE STANDARDS.**

Despite being a billion-dollar industry driven by creativity and hard work, many models are forced to hide their careers, fearing backlash from family, friends, or even strangers. It's exhausting, unfair, and frankly, it's time to call it out. This stigma doesn't just hurt models; it perpetuates a culture of shame around sex work and those who support it. Let's dive into how models can reclaim their power and how fans can step up to create a more respectful, stigma-free world.

## FOR CREATORS LIVING LOUD AND PROUD (OR QUIETLY CONFIDENT!)

**WEB MODELING OF ALL FORMS** is a legitimate job, but societal judgment can sometimes feel like carrying a neon “scarlet letter”. Here’s how to rise above and keep thriving:

### 1. DEFINE YOUR BOUNDARIES

You don’t owe anyone an explanation about your career choice. If someone pries, practice responses that suit your comfort level. For example: “I work in digital entertainment” is a great way to keep things general.

### 2. FIND YOUR PEOPLE

Build a supportive network of friends and colleagues who get it. Whether online or offline, connecting with others in the industry can provide solidarity and advice when times get tough.

### 3. OWN YOUR STORY

If you feel ready, flip the narrative by owning your work. Share your journey on your terms, whether through social media, writing, or personal conversations. Vulnerability can humanize your job and shatter stereotypes.

### 4. SELF-CARE IS NON-NEGOTIABLE

Constantly hiding your work can take a mental toll. Prioritize self-care to recharge emotionally. Journaling, therapy, or even just unplugging can help maintain your mental health.

### 5. PLAN FOR PRIVACY

Separate work and personal life where needed. Use pseudonyms, keep your social profiles locked down, and be cautious about who gets access to your personal world. It’s not about shame; it’s about safety.

## FOR FANS BE THE ALLY, NOT THE PROBLEM

**FANS**, you’re the heartbeat of this industry – but sometimes, you can make or break a model’s experience. Here’s how you can help:

### 1. RESPECT THE BOUNDARIES

Remember that models are people, not pixels. Don’t pry into their personal lives or pressure them to reveal more than they’re comfortable with. Keep it professional and respectful.

### 2. DITCH THE JUDGMENT

It’s time to shake off old stereotypes. The web models you admire are entrepreneurs, entertainers, and often deeply creative individuals. Don’t judge them for doing what they love (and making a living out of it!).

### 3. SUPPORT BEYOND THE STREAM

Want to be a true ally? Speak out against stigma when you hear it in conversations or online. Advocate for platforms that treat models fairly, and always tip generously when you can.

### 4. UNDERSTAND THEIR HUMANITY

Remember: web models and creators have lives outside of their work. Respect their time, energy, and privacy. A kind word or genuine compliment can go a long way.

### 5. AVOID ‘WHITE KNIGHT SYNDROME’

Supporting models doesn’t mean swooping in to “save” them. They’re strong, capable individuals. Your job as a fan is to uplift, not overshadow or infantilize.

### THE FINAL WORD

Societal stigmas don’t disappear overnight, but together, webcam models and their fans can chip away at these outdated judgments. Models, remember that your work is valuable and valid. And, to the fans, be the kind of ally that champions respect and empowerment. The more we normalize this industry, the sooner we can all step into a world free of shame and full of support.

So, whether you’re streaming, tipping, or just learning, let’s work together to make the internet – and the world – a stigma-free zone. You’ve got this!

**Studio:** Lez Be Bad, from Adult Time

**SCENE SUMMARY:** Chanel Camryn and her girlfriend Ameena Green are always on the lookout for their next sexual escapade. In their latest kinky adventure, Ameena decided to wear a remote-controlled vibrator for the day while she and Chanel ran errands. Now back at home, Ameena tries to do chores while Chanel watches her squirm every time the vibrator pleases her.

The thing is, it isn't Chanel who's in control of the vibrator... but a bunch of strangers who got access to it when Ameena posted the code to the vibrator's controls in an 18+ chatroom. Soon enough, however, Ameena gives totally into the pleasure, and asks Chanel to fuck her right now!

**THOUGHTS:** If you're looking for some good quality girl/girl action, 'Watching Her Squirm' comes highly recommended. Ameena Green and Chanel Camryn are a well fitted pair for this Lez Be Bad episode. From the first few minutes, Ameena will have you hooked. **A BIG SECRET TO KEEP**

**Starring:** Isiah Maxwell, August Skye  
**Studio:** Caught Fapping, from Adult Time

**SCENE SUMMARY:** Isiah Maxwell enjoys a solo pleasure session while fantasizing about a woman he saw at the mall. Unbeknownst to him, his sister-in-law, August Skye, unexpectedly drops by. August catches Isiah in the act and playfully teases him, revealing that she witnessed his lewd behavior. Isiah tries to cover his tracks, but August is not easily fooled.

August suggests that he must be missing his wife's company and offers to help him out, as his impressive erection catches her eye. Initially hesitant, Isiah eventually agrees, and the two engage in a secretive and passionate love affair.

**THOUGHTS:** Isiah Maxwell came ready to fuck August Skye into oblivion. The 43 minute scene was completely hitting on all the stuff that makes him a BBC legend. August Skye did not disappoint either. As a relatively new performer, she handled her own. Not only is she gorgeous, she's got the body to match, with nice big knockers, a sweet round ass, and a pussy wet enough to soak a towel. 'A Big Secret to Keep' is a Caught Fapping episode from Adult Time, and keeps to the series' sense of humor and solid display of raw sex scenes.
