**G**rowing up I kept to myself. I was the shy pretty girl. I remember I had my first crush in the 6<sup>th</sup> grade but I never had the confidence to speak to him, or anyone for that matter until I got to the 8th grade. I started to come out of my shell a little bit and began doing things that made me feel beautiful such as dancing. It gave me a way to confidently express myself, but I was still so shy.

In high school I was known as the pretty girl who dances, but I wanted to be more than that when someone thinks of me. I did finish high school and then I went to college. Mama always said there is nothing like a beautiful woman who is also intelligent.

I met my alter ego when I had my first sexual experience. It was like a whole new side of me that I liked [laughs]. I enjoyed me more than my partner. It seemed as if everyone knew what I had done because it seemed as if I had the words “good sex” written on my forehead; but I still played the shy one until I was 23 years old. I think everyone has a dark side or an alter ego if you wish to call it that. I got in tune with mine and I love her. I’m a very sure you will like her too :).

I’m a great dancer and lover with a smile that will light up your heart. I am a strong minded individual and my naughty side is a privilege and well worth it. And one thing most people may not know about me is that I am a very good hair stylist.

When I first saw cam girls I was intrigued and in awe with their confidence in themselves and how they were so happy with who they were no matter what.

My favorite part about creating the content I do online is the freedom I feel, and that my audience don’t judge me. They love me. In fact, I’d say I feel appreciated in a way. But, I will also say that people draw a lot of conclusions with out fully knowing me. I just want people to remember that I am person with a heart and soul. Everyone is entitled to their own decisions and mine does not make me a bad person. I breath like you I bleed like you.

**ANY LAST WORDS?**

Thank you for taking the time to get to know me. ▶

Words By: Betty

Edited By: CamGirl Vixen Magazine

**B**ETTY, a gorgeous tatted beauty from Alberta Canada is a self proclaimed Canadian Unicorn. She's an avid content creator with profiles on OnlyFans, Camster and others. One thing that really stands out about this decorated babe is the variety of colors she dyes her hair, and they all suit her. Not one who came from an easy beginning, Betty had to battle her own demons and she came out on top. There's much more the heavy metal loving hottie had to say and it's all here for you. Enjoy!

**Hello, glad you took the time to speak with us. So tell me, what first attracted you to CamGirl Vixen Magazine?**

Isn't that easy? The beautiful women

**Tell us a little about yourself growing up; and What were your favorite TV shows, hobbies?**

Anything funny or crime related for shows. And hobbies? Well, painting, drawing and reading

**At what age was your first crush?**

That would have been in junior high school. So 12 years old.

**Wow, so when was your first kiss?**

I was around 9 years old.

**Looking back at your childhood, what's one thing you would tell you adolescent self?**

Don't be so hard on yourself. Life happens and it ends up being pretty amazing.

**Through high school, what were you best known for?**

Being a drug addict. I was a total mess back then too be honest. Took me some time and years later, but I sobered up and have been clean ever since.

**Still, in high school, what did you want to pursue as a career at that time? How were the boys with you in high school; we're they at your mercy, or did they keep their distance?**

Mostly kept their distance. I was mostly a loner.

**What about college, what was that experience like for you and share one stand out moment you remember clearly?**

Never went [to college].

**Tell us about your first sexual experience, and what did you discover about yourself?**

That would have been when I first learned about

masturbating. I was blown away by the feeling, that at first it scared me. But I then quickly learned that I was able to give myself the best orgasms ever by just double clicking the mouse!

**What led or inspired you to creating content online?**

I've always had this alter ego just wanting to come out (Betty). It wasn't until a girlfriend told me about camming that I was fully able to release her.

I want to finish my schooling for Vet Technician. And travel! LOTS of that!

**Of all the things you've done in your life, what are you most excited about, or most proud of?**

The truth? getting sober. Out of everything in my life, THATS it. Because without getting sober, I wouldn't be here to enjoy all the little things.

# BIAHINK SUICIDE BABE!

**W**HAT is it about her that makes her so damn beautiful? The first question we asked ourselves when we came across this inked vixen. We were intrigued, and to our surprise, she agreed to be our cover girl for issue number two. It's Biahink, and we're about to dive in to more about her.

**BIAHINK** is a stunning tattooed beauty from Porto Alegre RS-Brazil. Often seen wearing her signature thick framed glasses, she rocks the style with ease. Behind the lens she wears, it's as if her eyes glisten with sensuality, and

a hint of innocence seems to peer it's way through involuntarily as she looks at you with her full, dreamy, beautiful, deep eyes.

Biahink has gone on to shoot with many amazing photographers, and most recently she got a chance to be captured by the highly talented Rafael Beck, currently on Instagram as @2beck\_. This woman takes her modeling seriously, and to solidify her commitment to her craft, she's an official Suicide Girl and also a model recruiter for the same. She quite recently began to blog a little more often on her Suicide Girls profile page, and to announce this new activity she posted, "Hello, humans! Starting with blogs

**"HER EYES GLISTEN WITH SENSUALITY, AND A HINT OF INNOCENCE SEEMS TO PEER IT'S WAY THROUGH INVOLUNTARILY AS SHE LOOKS AT YOU"**

**"I SEE  
BEYOND  
A NAKED  
BODY IN  
MY SETS.**

**I AM FREE!"**

# **BIAHINK SUICIDE BABE!**

now! I confess that I've always been afraid to blog, I do not know why exactly ... Maybe it's my English beginner hahaha. But come on, I hope you like it. I'll start with that."

**T**hough English is not her first language, Biahink is determined to not let that stop her from doing what she needs to do to achieve her goals. On another blog post on her Suicide Girls account, she answered the question as to what inspired her to become a Suicide Girl, and here's her answer, "My admiration for art, I see beyond a naked body in my sets, I am free, when I saw the profile of a suicide girl, Jacqueline, I was completely enchanted. That's when I met SG's social networks. At first I just noticed, and this occurred for [many] months. But I [built up] courage and started my career here. I wanted to have that freedom, all that power. And here I am. Thank you to all who encourage me and support me!" And when asked about her biggest accomplishment in life, she responded by saying, "I'm pretty sure it was getting my independence. I have lived only 10 years, I have my house, my things, I live the life I want! I do what you give me on the tile hahah! This really is priceless! I remember when I was a child, I dreamed of my house my way! I thank God and I am proud to have achieved everything I have today!"

We're excited to have Biahink as our model and cover feature. She was gracious enough to take the time to share some more about herself with us. We hope you enjoy Biahink, Suicide Babe. She's amazing and well worth the wait and attention here.

# ESPRESSA

A SENSUAL EXPRESS'A

Words By: Espresso

Edited By: CamGirl Vixen Magazine

“ [IN HIGH SCHOOL] IT SEEMED LIKE A FEW OF [THE BOYS] WERE AT MY MERCY! ”

## SAY HELLO TO ESPRESSA!

This slim, vivacious, aspiring camgirl is an amateur porn performer on ManyVids and also has premium membership opportunities for Snapchat and Patreon.

Espressa, a self proclaimed sensual woman, loves to be and feel sexy, and find avenues that allows her to share that side of her.

We're super glad she was able to check in with us to share about who she is and what she loves.

**Hello, glad you took the time to speak with us. So tell me, what first attracted you to CamGirl Vixen Magazine?**

I often have a lot of family and friends that ask me what I plan to do with my life, and with being in the adult entertainment industry, you don't have much you can show for that. As well as having something to physically have, being in magazines just seems like a super cool and fun experience!

**Tell us a little about yourself growing up; and What were your favorite TV shows, hobbies?**

A few of my favourite TV shows growing up were Futurama, Family Guy, Three's Company, King Of Queens, Spongebob Squarepants, and Zoey 101. Growing up I loved camping, swimming, and painting.

**At what age was your first crush?**

Age 13.

**Wow, so when was your first kiss?**

Grade 8 (age 12) with some guy at a school dance and it was really terrible. I only did it because my friend pressured me to just get my first kiss over with. But shhh, we don't talk about it.

**Through high school, what were you best known for?**

Being shy.

**Still, in high school, what did you want to pursue as a career at that time?**

Model. I didn't really have a specific type of modeling in mind, but now I'm all about camming and selling my videos/photos! :)

**How were the boys with you in high school; we're they at your mercy, or did they keep their distance?**

I was pretty shy in high school so I didn't talk to a lot of people, but ya I would say it seemed like a few of them were at my mercy.

**Tell us about your first sexual experience, and what did you discover about yourself?**

My first sexual experience was cute, awkward, and very thrilling. We called it "The Thing" so my current boyfriend and my old best friend used to meet up at a creek and my now boyfriend would finger fuck both of us at the same time. Even though we barely talked at the time I really enjoyed doing that with him.

**What led or inspired you to creating content online?**

I've always loved my body and I think I'm a very sexy and sensual woman. One day a couple years ago I was posting photos of myself in my bra and panties on instagram and I was getting a lot of attention from it. I have also always been a very sexual person and have wanted to be a model since a young age, but could never find a way into it until I learned about camming.

**I assume you enjoy creating content for your online audience; what is your favorite thing about it... creating the kind of content you do?**

I think my favourite thing about it is it has allowed me to learn more about myself and where my limits are and I get to try new things and try a huge variety of toys/gear and I just overall love feeling sexy and being able to show that!

**What else do you want to pursue in life, for fun or as a career?**

A podcast. I have a really good idea for whenever I start that. Possibly also voice acting. There was a really good opportunity last year that sparked my interest in a city 2hrs away from where I am and I missed out on it because I had no way of getting there.

**Of all the things you've done in your life, what are you most excited about, or most proud of?**

This. Finding sites and social medias that just allow me to be my naughty and kinky self and being able to do what I love as my career.

**As you share your content, what's the most common feedback you get from your audience?**

A lot of my audience asks for me to sell physical things like pussy pops or my panties, and as well as more personalized content with pics and videos. It's all a weird experience but flattering at the same time.

**What's one talent most people don't know you have?**

I have a very strong connection with animals and i am able to listen to them when most others won't. I'll call this animal telepathy lol.

**K**ate Maxx is a model, actor, on air personality, feature exotic dancer, MC, host, seductress and all around entertainer. Most of the time you'll find her performing on stages across Canada as a feature entertainer. She's often known as the wild one in most group settings. She boldly declares that she one to have a dirty mind and a filthy sense of humor.

Kate is very outgoing and you can often find her at sex clubs and resorts, Young Swingers® Week, or running around naked on any beach she can find. She says she's always been geared towards the adult industry. The second she was of age she was modeling in the window of a sex store wearing fetish gear. From there, things snowballed where she started getting a lot more modeling jobs.

She's also took up exotic dancing which she's kept secret till now, and with that, she's been working hard on performances and the house feature at Brass Rail in Toronto, as well as a touring dancing all over western Canada.

### **H**ello, glad you took the time to speak with us. So tell me, what first attracted you to CamGirl Vixen Magazine?

I love the idea of magazines featuring or dedicating pages to adult entertainers of any type. I'm all for women who are open and comfortable with their bodies in any aspect!

### **Tell us a little about yourself growing up; and What were your favorite TV shows, hobbies?**

I really loved The Wire, every season totally captivated me. I've always been into TV shows about true crime and detectives. I grew up as a trained dancer and cheerleader so i spent most of my time doing that. I also loved riding horses and surfing, i still try to do both as often as i can.

### **At what age was your first crush?**

I was in kindergarten, I liked a boy named Paul. I liked him because he was good at colouring. I was really shy when I was that age but somehow managed to ask him for his phone number. I think I called him and didn't say much of anything except hi and hung up.

### **Very cool, so tell us, when was your first kiss?**

Not until long after that. I was in high school and it was during a game of spin the bottle. No one knew it was my first kiss.

### **Looking back at your childhood, what's one thing you would tell you adolescent self?**

TAKE IT EASY! I was always so extra and extreme about everything as a teen. I was very experimental and got

into so much trouble. I'd tell myself to pace myself and enjoy just being a teenager instead of trying everything as soon as possible.

### **Through high school, what were you best known for?**

Being good at sports and breaking rules and having a sharp tongue.

### **Still, in high school, what did you want to pursue as a career at that time?**

I had no idea, I was more trying to do what was acceptable and what wouldn't piss off my family.

### **How were the boys with you in high school; we're they at your mercy, or did they keep their distance?**

I wasn't very popular, I was labeled a slut early in high school and was mostly teased and bullied by the boys.

**What about college, what was that experience like for you and share one stand out moment you remember clearly?**

It was very short, I went to appease my family but deep down i knew taking marketing wouldn't make me happy. So i left to explore.

**Tell us about your first sexual experience, and what did you discover about yourself?**

It was very short. I'm not sure what I expected but i just thought "that's it"? This is what people make such a big deal about?" I definitely didn't get what all the hype was about. I discovered that I still have a lot to learn.

**What led or inspired you to creating content online?**

I wanted to be in control of what I put out there and how. I wanted to put out the real me rather than an online persona and not be told it's too much or over the top

**I assume you enjoy creating content for your online audience; what is your favorite thing about it...creating the kind of content you do?**

I create a mix of things from x-rated to educational. I like the freedom of being able to choose and also to unleash all sides of myself. I'm trying hard not to be a one trick pony.

**What else do you want to pursue in life, for fun or as a career?**

I'm a true hedonist so really I base my career choices around the life I want to be living. I'm not sure where I will end up but i hope to be always doing whatever brings me joy. I'd like to spend more time volunteering and helping the environment and still educating and being sexy all at the same time.

**Of all the things you've done in your life, what are you most excited about, or most proud of?**

It's hard to pick one thing, I've been lucky enough to be a part of many gigs that really meant a lot to me. Being featured in Northbound leathers fetish fashion show, to being published in multiple magazines, hosting and MCing at young swingers week and creating my own brand. I'm just excited to see where this all leads.

**People will always draw conclusions without ever truly knowing you, so what are some positive things about you wish more people knew?**

That I've overcome a lot of adversities in my lifetime, I've been through some hard years.

**What's one thing you must do before you take your last breath?**
