Editor's Message

They say seven is the number of perfection and completeness, and issue number 7 is damn near perfect when it comes to the superstars we featured in this issue. For this issue, we decided to focus on talent who successfully made it to the mainstream adult world that either came from, or has a long enough history of being an adult webcam model. We're blessed to have the likes of Violet Myers, Marica Hase, and Skye Blue within these pages, sharing about their life, career, and their planned future. Also featured are Leana Lovings and Aliya Brynn. A stunning line up in my humble opinion.

This issue signifies the turning of a new page for CamGril Vixen Magazine, so much so that we've introduced our brand new magazine, XXXPress Magazine, that is more creator focused. It's been one hell of a ride so far, and we thank all our supporters, readers, and partners. You can look forward to future issues to feature more top talent and stories that will pull you a bit more inside their world.

We hope you enjoy CamGirl Vixen Magazine, issue #7. You can freely support us with a follow or a like on our social media pages.

Cheers,

Welcome Marica, thank you so much for taking the time to chat. How are you?

I am doing great. I'm happy and have lots of energy!

You're quite the busy star, traveling for work and all. What countries do you always look forward to visiting?

Budapest and Hungary. I used to live there a for a while they're very beautiful places. It makes me feel like I'm in a movie.

You have done so much in your career and have won many awards, are you satisfied with where you are in your career, or are you hungry for more?

I am still really hungry, because I want to keep creating something new in front of the camera forever. And I believe that in order to keep doing my dream job, I need to always change or give my fans sensational news like if I've won awards.

Talk to us about the Fuck Cancer Project you are promoting?

It was just a project that came from fighting breast cancer and wanting to bring awareness to it. There have been so many women even in the adult industry that have been affected by cancer. I still have my t-shirts for sale at through *Marion Apparel

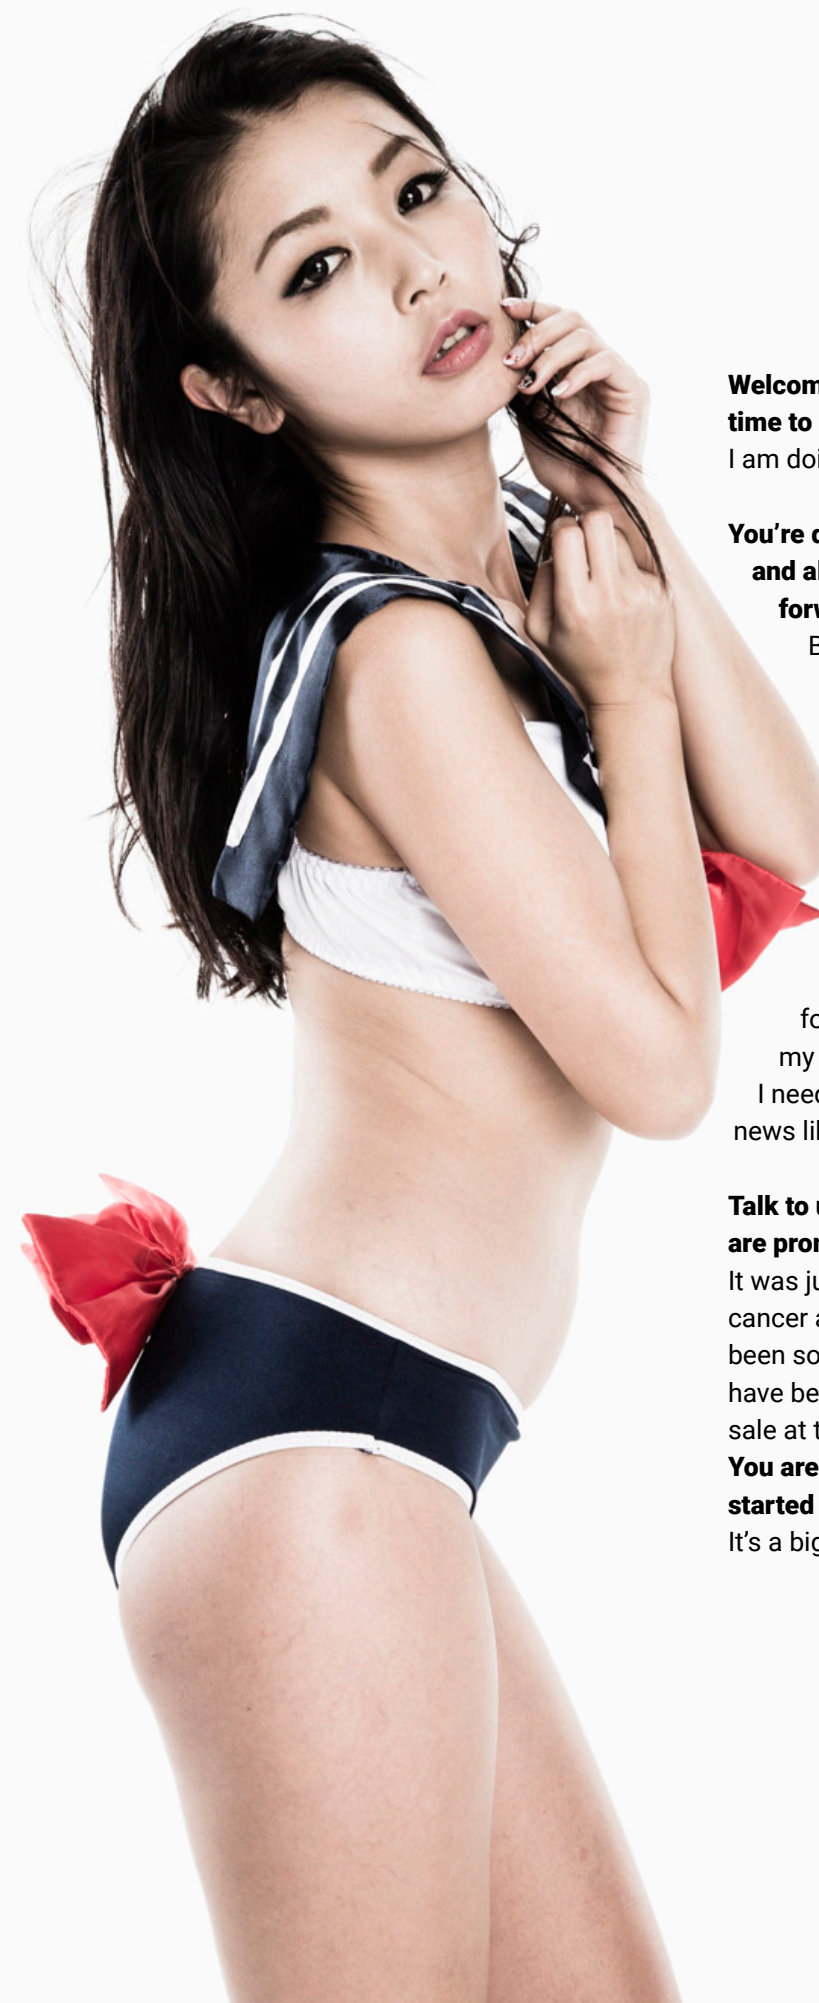

You are an avid cosplayer as well. What got you started in it?

It's a big thing in Japan to do cosplay from an early age.

THE STUFF YOU DIDN'T KNOW!

MARICA HASE

Do you have a favorite character or theme you like cosplaying?

Yes, Puella Magi Madoka Magica.

Do you often bring elements of cosplay to your adult scenes?

Sometimes because I like to dress up, and of course, because I'm Japanese.

How did you get started in the adult industry and what do you love most about it?

I auditioned for a contest called CINDERELLA AUDITION, which is similar to American Idol, but it's for becoming a porn star. I had never done adult before, and I won.

You're known as quite the squirter. When did you discover that you could do that?

Before porn, I never knew what squirting was. I was embarrassed because in my personal life, I thought it was bad, so I hid it. But in my first scene ever, I squirted and everyone clapped.

What else do you want to pursue in life, for fun or as a career?

I'm an adventurer. I want to try everything.

As you share your content, what's the most common feedback you get from your audience?

How much they love it and all my fun outfits, many which I make myself.

What are you most looking forward to in life and career?

To continue expanding my experiences in entertainment in both mainstream and adult, while loving life.

“
BEFORE PORN, I NEVER KNEW WHAT SQUIRTING WAS. I WAS EMBARRASSED BECAUSE IN MY PERSONAL LIFE, I THOUGHT IT WAS BAD, SO I HID IT. ...IN MY FIRST SCENE EVER, I SQUIRTED AND EVERYONE CLAPPED.

THE BRIGHT EYED, PIXIE HAIRED, BEAUTY. GETS INTIMATE WITH THE DETAILS

Q: CamGirl Vixen Mag **A:** Skye Blue

There's something special about the blonde headed pixie cut beauty that is simply breath-taking. Maybe it's her drop-dead gorgeous looks. Or, maybe is how she's able to sensually portrays herself in motion or still films with grace and class. Whatever it is, Sky Blue has proven to leave her viewers wanting more. The celebrated rising star shares with us about her start in the adult business, her love for modeling and photography, as well as some really fun tid bits about her life.

WHAT DO YOU THINK HAS LEAD TO YOUR SUCCESS SO FAR?

*I would hope it would be my work ethic!
...I mean 34DDD natural tits don't hurt either!*

Q&A

Wow, Skye Blue. Awesome to have you here with us. How are you?

I'm doing well! Excited to start filming scenes now that I've graduated from the pixie cut to long hair! It's something the fans have been looking forward to for a while!

Over the past year you've been gaining a lot of traction in the industry. Congratulations. What do you think has lead to your success so far?

I would hope it would be my work ethic! Even though I don't film often, I try to put everything I have into my scenes, and really try to bring my model and fashion background into what I do. I've also been able to shoot for some amazing companies this year with Slayed, Blacked, Jules Jordan, and Lust cinema, Also I was a Flavor of the Month for Nublies and an All-Star for Team Skeet, so I owe a lot to all the companies that hired me!

I mean 34DDD natural tits don't hurt either! I've also been told it was the allure of something different with a pixie cut, but was also told to grow my hair, so who knows!

Your Instagram page has a 7-Eleven cashier call you out of this world. What's the story behind that?

Haha I have always loved the back of book covers where they have testimonials from critics, and getting hit on at my bodega every morning,

no matter what I looked like, was always the highlight of my day! So I thought, if a porn star could have testimonials certainly that would be the biggest one! Just a cheeky joke, since so many people have book summaries for bios!

You do web camming and also mainstream adult films. What was your path to entering the adult industry?

I actually entered in the cam world! When I was 18, I was working in a Dunkin Donuts and a friend told me I could make thousand dollars a night for just sitting in lingerie in front of a webcam! Obviously when I logged on, I saw it was way more than just sitting in lingerie. But coming from somebody that was making \$600 every two weeks, it was so much better than what I was used to.

After that I had my own website and started selling clips, but after a ton of social media deletions I decided I needed something better than Twitter or Instagram to advertise. That's when I finally decided to do porn, about 4 years later.

It's actually really nice doing camming, mainstream adult films, and selling content online. Where one lacks, another one picks up. So in all my work, feels a lot more stable now than before when I was just doing one.

What do you enjoy most about creating adult content?

To me it's the freedom of adult content I love the most when creating. When I was working as a model, it was really restricting wanting to do more. With adult content, you really have so much room to create without limits. If I want to do a whole book just on my pussy lips, no one would shame me like they would in different areas of art! So really I feel super free in the way that I create.

Of all the things you've done in your life, what are you most excited about, or most proud of?

God there's so many things I'm happy about with my career. I guess a big one would be completing the trifecta of shooting for the big adult magazines, Playboy, Penthouse and Hustler.

What I'm most proud of I guess is how many amazing photographers I've been able to shoot with over the years.

I LOVE BEING ABLE TO CURATE A SET AND REALLY MAKE IT BEAUTIFUL.

Even though I was elevating into more pornographic regions of my career and becoming more well known for adult films, huge fashion photographers and creatives were still wanting to shoot with me for projects for magazines and coffee table books, because they saw the duality in me. I'm hoping it continues to happen more, so I'm the future with even more girls in our industry as more people break glass ceilings from moving from adult to mainstream!

I got a chance to watch some of Forbidden Seduction – Fiance's Cold Feet with yourself and Seth Gamble. The quality and production is exemplary of what Adult Time films are known for. You were incredible and it was quite different than what we're used to seeing you in. How was it for you taking on this role versus, say, the not-so-scripted roles?

It was actually so exciting! I really love being able to act in films, so this was a great film to flex those skills. Seth is also an amazing costar; he takes acting so seriously and really takes pride in it. When we rehearse are lines together, we've already memorized them for the day so we can easily start to try and work on the emotion and the way we move through the scene quicker and with more

grace. The videographer, Mike Quasar, is also so good at what he does. His attention to detail is spot on, so even if we have to do a shot five times, I know it's worth it because he's getting "the shot."

You're also a photographer. Is it more a hobby for you or are you taking it more seriously?

Honestly I would love to be able to take it seriously in the future! I've shot for a couple friend's fashion lines in that sense, but for me it's about passion and enthusiasm when behind the camera, so I prefer to call it a hobby for now! It's really something I enjoy doing and I think hustle culture has really made us turn our passions into work. Honestly sometimes, the work aspect of things makes me just not love it anymore when I have so much other work I put energy into! So unless I moved full-time into it, it's just a hobby for now! I'd rather have it as something to have fun with than get paid for.

What are you most excited about moving forward?

Ahhhh I'm actually super excited about a lot! My friend Sarah Pardini has been shooting me with fun erotic but high fashion concepts for a lot of fashion magazines as of late. I'm also super excited to start taking acting classes, as well since I've been talking to a lot of mainstream

managers and casting agencies for more mainstream films. I'd really like to be a person that can do both at the same time. And lastly, I'm going excited for all the films I'm going to start doing with my long hair! My fans have been asking me to grow out my hair for years so I can't wait for them to see it!

What else do you want to pursue in life, for fun or as a career?

There are a lot of things! Photography is obviously an easy choice, but there's a ton of other things I'd really like to pick up again I gave up on in the past, when I chose a career as an adult entertainer instead. When I first moved to NYC and was 18, I originally wanted to go to fashion school for design. I'd love to be able to pick up sewing again and maybe do a fashion line.

As you share your content, what's the most common feedback you get from your audience?

I think the most common feedback is how much they love how artistic the content is! I love being able to curate a set and really make it beautiful. I also edit most of my own work and love being able to stylize it with music and really put my little stamp on it!

Beyond the adult industry, you're known for cosplaying and being a gamer. When did you get into all of that, and were you a big gamer growing up?

I've always been into cosplaying and gaming since I had a PS2 growing up.

WHO WANTS TO BE A CAM GIRL?

THE EASIEST POINT OF ENTRY FOR WANNA BE PORN STARS | A BRIEF HISTORY OF **HOW THE ADULT WEB CAM INDUSTRY STARTED** AND TOP TALENT WHO MADE IT FROM CAM STAR TO PORN STAR

WORDS: Camgirl Vixen Mag

Becoming a cam girl is easier than ever, with numerous sites that seem to number in the hundreds offering of-age hopefuls an opportunity to rake in some good money while having fun online. It is single-handedly one of the most accessible resources for talent scouts to find fresh faces. One can do extremely well being a webcam broadcaster alone, for example CaylinLive. But not all who sign up to be a cam girl make it big, and even fewer get the opportunity to sign with a big agency or studio. But for the few that do transition from being a cam girl to mainstream porn, life can go from zero to one hundred really quick.

[CONTINUED >]

Stills from Jennifer Kaye Ringley's JenniCam

THE BEGINNING

Since the birth of commercial internet, porn enthusiasts had hopes of eventually being able to watch their favorite porn star live in the action, without having to leave their homes or pay a shit load of money to see them at an expo or at the hottest strip club in Vegas. God forbid you even get to meet them in person and have a real conversation with them. No. They wanted something more, something readily accessible, and something real.

The internet evolved and apps like MSN chat came on the scene in summer of 1999, a time when we all thought the world was gonna end. But nope, we're still here bitches! The Unique thing about Microsoft's latest chat is that it was quite customizable, and way quicker than the popular "email" format that became a household phenomenon, thanks to the likes of AOL and Yahoo. Still, two way chat wasn't enough. We wanted more. We wanted video. And This was it. The thing we've all been waiting for. And this is where it started. Business savvy women who saw this as an opportunity to make some money, sold exclusive viewing of their private chat rooms. But let's roll things back a few years prior.

Ever heard about JenniCam? According to Wikipedia, the most trusted source in news journalism (right), In 1996, an American college student and conceptual artist, Jenny Ringley, created a website called "JenniCam". Her web camera was located in her dorm room and automatically photographed her every few minutes.

The camera captured Ringley doing almost everything – brushing her teeth, doing her laundry, doing stripteases – and then broadcast its images live over the Internet. Later in 1998, she divided her website's access into free and paying.

In 1998, AmandaCam came on the scene. Amanda's site, like Ringley's, had multiple cameras around her house which allowed people to look in on her. However Amanda made an important early discovery that would influence the camming industry for decades to come – that a website's popularity could be greatly increased by enabling viewers to chat with a performer while online. Within her members section, Amanda made it a point to chat with her viewers for over three hours a day. Since the early days of live webcasts by Ringley and Amanda, the phenomenon of camming has grown to become a multibillion-dollar industry which has an average of at least 12,500 cam models online at any given time and more than 240,000 viewers at any given time.

EARLY MAINSTREAM WEBCAM SITES

When you take a look at the adult webcam industry, it seems like there are endless cam sites available, and truly I don't think you have enough time to count all of them. But with a bit bit of research, you can find that some of the more popular sites now have been around for at least a couple decades. Cam sites like Streamate.com, Cams.com, and Flir4Free have been around since the 1990s. However, the taboo nature of these sites had many resort to getting a quickie peek from their high college hottie on MSN. As the sites became more popular however, more and more people started peeking the free nature of these cam sites. Xcams.com, Cam4, and Eurolive are some more of the pre-2000s cam sites. The 2000s brought on the powerhouse cam sites we are all familiar with now, including the likes of Chaturbate, LiveJasmin, MyFreecams, CamSoda, StripChat.com and many more. With ManyVids and OnlyFans being popular spots to post videos and images of yourself in your birthday suit, they are worth mentioning b cause they offer live webcam features for their creators as well.

FROM CAM GIRL TO PORN ROYALTY

The onslaught of cam sites gave talent scouts in the adult industry a unique opportunity to “audition” talent. Most of these cam sites do have a free to view options, so hey, why not take advantage. There is a list of adult talent in the biz today that started out webcamming, though maybe not exclusively, webcamming was a part of their history. We also have the opposite where some pornstars, realizing they could diversify and become more independent shifted to including webcamming to their resume, and it works. Even more, you’ll come to notice that many stars are on multiple cam sites, while others are dedicated to only one.

Lauren Phillips is totally one of the hottest adult stars in the biz today. She started out on Chaturbate, where she still occasionally shows up live. Alex Coal, Mary Moody, and Christy Love are also top adult talent featured on Chaturbate.

More recently in our counterpart mini-magazine, XXXPress Magazine, we find rising adult talent Leana Lovings and Aliya Brynn. And of course our feature stars for this issue (CamGirl Vixen Magazine issue 7), we’ve got the awfully beautiful Skye Blue, the wildly sensual Marica Hase, and the incomparable Violet Myers. All are webcam models, now some of the biggest names in Adult Entertainment, each with their own set of awards and accolades to prove it.

Let’s not forget Miss Kendra Sunderland!, the Queen of cam girl to mainstream porn royalty. YES! This busty blonde damn near broke the fucking internet in October of 2014, when someone uploaded a video of her cam show on PornHub. This later led to a totally viral moment, that gave her much more than 15 minutes of

fame. Kendra later shot for Penthouse, and eventually signed with Vixen Media Group in 2016, became a Vixen Angel, and has a slew of adult films to her name, many of them with her as the lead.

Other cam girls turn porn stars include (by no means is this an exhaustive list): Jezabel Vessir, Anna Bell Peaks, Elena Koshka, Abigail Mac, Vina Sky, Mindi Mink, Leana Paul, Cadence Lux, Adria Rae, Jade Kush, Alex Grey, Karlee Grey, Jenny Blighe, Romi Rain, Ginger Banks, Trinity St. Claire, and Dani Daniels who broadcasts on Camsoda.

THE WRAP-UP

Now-a-days finding out that your local college school-mate is a cam girl is no longer really a surprise anymore. At most colleges and universities, you’ll have a handful of the student body that actively create adult content as a means of making money to pay for school. And while others such as Kendra Sunderland and Christy Love who have made a mark in the adult biz don’t just want to stop there. They want to go on to bigger and badder things.

As you can clearly see, the adult webcam universe is ever expanding, and you better believe that it’s only uphill from here. This multi-billion dollar industry is now a staple in the adult entertainment world, churning out a ridiculous amount of live and prerecorded content on a daily basis. The talent pool is always ripe, with new potential stars popping up all the time.

From humble beginnings to the juggernaut of an industry adult web camming is, I leave you with this question; do you remember the first cam site you ever visited?

LEANA LOVINGS

WORDS: HoneyHouse PR

One of the fastest-rising stars in adult entertainment, Leana Lovings was already an immensely popular webcam performer with over 200,000 followers on Chaturbate before taking the plunge into the World of X in September 2021.

She has brought her loving fan base with her and, in that short interval, the all-natural, 5-foot brunette beauty has reached the top 0.7% on OnlyFans, the top 50 Most Popular Porn Stars on Adult Empire, and ascended to the top 75 adult stars on Pornhub, with over 50 million views on that platform alone.

Lovings grew up in the rural southeast, and attended university with double major in Biology and Psychology and a specialization in Neuroscience. Camming represented “a way to explore my sexuality in a safe way, while creating something that feels like a very intimate and even comforting experience for the viewer,” Lovings said.

Having grown up in a religious environment, Lovings said that “sex work healed me in a lot of ways. It taught me how to care more for myself – exercise, self care – and how to have more confidence in myself.”

The sought-after starlet has already shot around 80 scenes, for studios such as Brazzers, Reality Kings, Naughty America, Team Skeet, Bang Bros, Girlfriends Films, Cherry Pimps, Lured, Bang.com, and many more. Her numerous Virtual Reality appearances include starring roles for industry leaders such as SexLikeReal, BangBros VR, VRBangers, VRHush, VRAllure, VR Conk and RealJamVR.

In March 2022, Lovings graced the cover of The Score Group’s iconic “18 Eighteen” magazine. She is currently the cover girl for the May issue of Hustler’s “Barely Legal” magazine.

An all-natural beauty with a flawless 32B-24-34 figure, blue eyes, and a gorgeous smile, adult film star Aliya Brynn is a native Californian of Russian and Norwegian descent.

A dynamic sexual performer, Brynn owes her famous flexibility to years of gymnastics, dancing, and cheerleading. When she turned 18, Aliya started a premium Snapchat and began selling nudes online, which allowed her to buy her first car.

Prior to entering the World of X, Brynn also worked as an exotic dancer, and soon tried OnlyFans and camming on Chaturbate. From there, was only a matter of time before she ventured into professional porn, in July of 2019.

Since then, Brynn's screen presence, voracious sexual appetite, and knack for dirty talk, have propelled her through a heap of scene-stealing performances for top-tier studios such as Brazers, Evil Angel, Nympho, Swallowed, New Sensations, Girlfriends Films, Hustler Video, GirlsWay, TeamSkeet, Nubiles, Zero Tolerance and many more.

In 2020 she was nominated as 'Hottest Newcomer' in the AVN Awards and 'Best New Starlet' in the Fleshbot Awards, in addition to servicing as a trophy girl at the AVN Awards gala in Las Vegas. A talented content creator, Brynn's self-produced work can be found at her ManyVids store.

Brynn's hobbies include pole dancing, watching Netflix, and shopping. Her favorite types of music are rap/hip hop and anything she can dance to. Her favorite foods are sushi, steak, and spaghetti. She is signed to The Lee Network, the premier source for adult film star feature dancers, for representation, and recently performed her debut feature dance appearance.

WORDS: BSG PR

Hussie Models' Blake Blossom took home the coveted 'New Starlet' trophy at XRCO's recent 2022 awards show, in recognition of her rising star status among the industry's most discerning adult film writers, editors and critics.

This is the first-ever XRCO award win for the bubbly blonde beauty, who is already on the fast track to fame after landing her dream role as Gwen Stacy/Spider-Woman in the hotly-anticipated Wicked Pictures feature, SpideyPoolXXX: An Axel Braun Parody.

"Thank you so much to XRCO for recognizing me as New Starlet! It was an honor being able to receive my award in person," said Blossom. "I could not have done it without the unending support of my loyal fans, as well as my agency for helping me achieve my goals!"

Since her onscreen debut in March 2020, Blossom's fast track to fame has also included awards and accolades such as December 2020's Penthouse Pet of the Month, NightMoves' 2021 Best New Starlet, AVN's 2022 Best New Starlet & Hottest Newcomer (Fan Award) and XBIZ's 2022 Best New Performer nominee.

CINDY STARFALL **REVEALS HER** **DOMINANT SIDE** **WITH CRACKLING** **NEW PLATFORM,** **'QUEEN** **STARFALL'**

WORDS: BSG PR

ADULT FILM QUEEN CINDY STARFALL is celebrating 10 successful years in the business by making her royal title official with the highly-anticipated launch of her new femdom platform, Queen Starfall, through the Fansly.com subscription service.

The petite onscreen dynamo, who has built a stellar reputation as one of the industry's most-wanted submissive stars, is switching gears - as a switch in bondage gear - to indulge the fetish fantasies of slaves, cucks and loyal fans who have long dreamed of serving under Starfall's authoritative command.

Starfall's new site consists of three tier classifications for fans: Basic Slave, Super Slave and Being Owned. A Slave can join the site, complete an assigned task and order custom videos, a phone call or Skype session with the star, and fans who purchase the highest tier are awarded with a special dog tag that boasts 'Property of Queen Starfall'.

"Even though most people know me as submissive, I felt like it was the right time to express another side of myself to fans in a more dominant role as Queen Starfall in addition to 'Submissive Cindy' on my OnlyFans page," she explains. "It also offers fans the opportunity to enjoy a range of content they don't normally see on my other platforms, as well as a new creative outlet for me. It's a win all around!"
